

Important Property Tax Bill Information- Please Read

Oneida County is changing how it is handling the distribution of the “School Levy Tax Credit” when it is applied to 2020 property tax bills for local taxpayers. **This credit shift will have no impact on your total property tax bill**, because only the net tax is published. It will appear that Minocqua J1 is raising taxes, but that is not accurate. The school levy credit is in essence being proportionately applied to both Minocqua J1 and Lakeland Union High School. This year Minocqua J1 will show a higher tax rate increase and Lakeland Union will show a negative tax increase. Please be assured that your property tax bill amount is correct.
